FEATURES, MAGIC ITEMS AND SPELLS

SORCERER

FONT OF MAGIC

At 2nd level, you tap into a deep wellspring of magic within yourself. This wellspring is represented by sorcery points, which allow you to create a variety of magical effects.

SORCERY POINTS

You have 2 sorcery points and you gain more as you reach higher levels, as shown in the Sorcery Points column of the Sorcerer table. You can never have more sorcery points than shown in the table for your level. You regain all spent sorcery points when you finish a long rest.

FLEXIBLE CASTING

You can use your sorcery points to gain additional spell slots, or sacrifice spell slots to gain additional sorcery points. You learn other ways to use your sorcery points as you reach higher levels.

Creating Spell Slots. You can transform unexpended sorcery points into one spell slot as a bonus action on your turn. The Creating Spell Slots table shows the cost of creating a spell slot of a given level. You can create spell slots no higher in level than 5th.

Any spell slot you create with this feature vanishes when you complete a long rest.

CREATING SPELL SLOTS

Spell Slot Level	Sorcery Point Cost
1st	2
2nd	3
3rd	5
4th	6
5th	7

Converting a Spell Slot to Sorcery Points.

As a bonus action on your turn, you can expend one spell slot and gain a number of sorcery points equal to the slot's level.

METAMAGIC

At 3rd level, you gain the ability to twist your spells to meet your needs. You gain two of the following Metamagic options of your choice. You gain another at 10th and 17th level.

You can only use one Metamagic option on a spell when you cast it, unless otherwise noted.

HEIGHTENED SPELL

When you cast a spell that forces a creature to make a saving throw to resist its effects, you can spend 3 sorcery points to give one target of the spell disadvantage on its first saving throw made against the spell.

TWINNED SPELL

When you cast a spell that targets only one creature and doesn't have the range of self, you can spend a number of sorcery points equal to the spell's level to target a second creature in range with the same spell (1 sorcery point if the spell is a cantrip).

To be eligible, a spell must be incapable of targeting more than one creature at the spell's current level. For example, *magic missile* and *scorching ray* aren't eligible, but *ray of frost* and *chromatic orb* are.

QUICKENED SPELL

When you cast a spell that has a casting time of 1 action, you can spend 2 sorcery points to change the casting time to 1 bonus action for this casting.

DRACONIC BLOODLINE

Your innate magic comes from draconic magic that was mingled with your blood or that of your ancestors. Most often, sorcerers with this origin trace their decent back to a mighty sorcerer of ancient times who made a bargain with a dragon or who might have even claimed a dragon parent. Some of these bloodlines are well established in the world, but most are obscure. Any given sorcerer could be the first of a new bloodline, as a result of a pact or some other exceptional circumstance.

DRAGON ANCESTOR

At 1st level, you choose a type of dragon as your ancestor. The damage type associated with each dragon is used by features you gain later.

DRACONIC ANCESTRY

Dragon	Damage Type
Black	Acid
Blue	Lightning
Brass	Fire
Bronze	Lightning
Copper	Acid
Gold	Fire
Green	Poison
Red	Fire
• Silver	Cold
White	Cold

You can speak, read and write Draconic. Additionally whenever you make a Charisma check when interacting with dragons, your proficiency bonus is doubled if it applies to the check.

DRACONIC RESILIENCE

As magic flows through your body, it causes physical traits of your dragon ancestors to emerge. At 1st level, your hit point maximum

increases by 1 and increases by 1 again whenever you gain a level in this class.

Additionally, parts of your skin are covered by a thin sheen on dragon-like scales. When you aren't wearing armour, your AC equals 13+ your Dexterity modifier.

ELEMENTAL AFFINITY

Starting at 6th level, when you cast a spell that deals damage, of the type associated with your draconic ancestor, you can add your Charisma modifier to one damage roll of that spell. At the same time you can spend 1 sorcery point to gain resistance to that damage type for 1 hour.

DRAGON WINGS

At 14th level, you gain the ability to sprout a pair of dragon wings from your back, gaining a flying speed equal to your current speed. You can create these wings as a bonus action on your turn. They last until you dismiss them as a bonus action on your turn.

You can't manifest your wings while wearing armour unless the armour is made to accommodate them, and clothing not made to accommodate your wings may be destroyed when you manifest them.

BACKGROUND

NOBLE

You understand wealth, power, and privilege. You carry a noble title, and your family owns land, collects taxes, and wields significant political influence.

You come from an established family in another land to the north, and have been outcast as you are the only member of your family to display sorcerous trait, and seek adventure to discover more about this element of your being.

Skill Proficiencies. History, Persuasion

Tool Proficiencies. One type of gaming set

Languages. One of your choice

Equipment. A set of fine clothes, a signet ring, a scroll of pedigree, and a purse containing 25 gp

POSITION OF PRIVILEGE

Thanks to your noble birth, people are inclined to think the best of you. You are welcome in high society, and people assume you have a right to be wherever you are. The common folk make every effort to accommodate you and avoid your displeasure, and other people of high birth treat you as a member of the same social sphere. You can secure an audience with a local noble if you need to.

FEATS

OBSERVANT

Quick to notice details of your environment, you gain the following benefits:

- Increase your Intelligence or Wisdom score by 1, to a maximum of 20.
- If you can see a creature's mouth while it is speaking a language you understand, you can interpret what it's saying by reading its lips.
- You have a +5 bonus to your passive Wisdom (Perception) and passive Intelligence (Investigation) score.

SPELL SNIPER

Prerequisite: The ability to cast at least one spell
You have learned techniques to enhance your attacks with certain kinds of spells, gaining the following benefits:

- When you cast a spell that requires you to make an attack roll, the spell's range is doubled.
- Your ranged spell attacks ignore half cover and three-quarters cover.
- You learn one cantrip that requires an attack roll. Choose the cantrip from the bard, cleric, druid, sorcerer, warlock, or wizard spell list. Your spellcasting ability for this cantrip depends on the spell list you chose from: Charisma for bard, sorcerer or warlock; Wisdom for cleric or druid; or Intelligence for wizard.

MAGICAL ITEMS

RING OF MIND SHIELDING

Ring, uncommon (requires attunement)

While wearing this ring, you are immune to magic that allows other creatures to read your thoughts, determine whether you are lying, know your alignment, or know your creature type. Creatures can telepathically communicate with you only if you allow it.

You can use an action to cause the ring to become invisible until you use another action to make it visible, until you remove the ring, or until you die.

If you die while wearing the ring, your soul enters it, unless it already houses a soul. You can remain in the ring or depart for the afterlife. As long as your soul is in the ring, you can telepathically communicate with any creature wearing it. A wearer can't prevent this telepathic communication.

WAND OF WEB

Wand, uncommon (requires attunement)

This wand has 7 Charges. While holding it, you can use an action to expend 1 of its Charges to cast the web spell (save DC 15) from it.

The wand regains 1d6 + 1 expended Charges daily at dawn. If you expend the wand's last charge, roll a d20. On a 1, the wand crumbles into ashes and is destroyed.

RING OF FIRE RESISTANCE

Ring (requires attunement)

You have resistance to fire damage while wearing this ring.

CIRCLET OF TELEPATHY

Wondrous item, uncommon (requires attunement)

While wearing this helm, you can use an action to cast the Detect Thoughts spell (save DC 13) from it. As long as you maintain Concentration on the spell, you can use a Bonus Action to send a Telepathic Message to a creature you are focused on. It can reply using a Bonus Action to do so while your focus on it continues.

While focusing on a creature with Detect Thoughts, you can use an action to cast the Suggestion spell (save DC 13) from The Helm on that creature. Once used, the Suggestion property can't be used again until the next dawn.

SPELLS

CANTRIPS

CHILL TOUCH

Necromancy Cantrip

Casting Time: 1 action

Range: 120 feet

Components: V, S

Duration: 1 round

You create a ghostly, skeletal hand in the space of a creature within range. Make a ranged spell attack against the creature to assail it with the chill of the grave. On a hit, the target takes 1d8 necrotic damage, and it can't regain hit points until the start of your next turn. Until then, the hand clings to the target. If you hit an undead target, it also has disadvantage on attack rolls against you until the end of your next turn.

At Higher Levels. This spell's damage increases by 1d8 when you reach 5th level (2d8), 11th level (3d8), and 17th level (4d8).

Abilities:

- Twinned Spell
- Quickened Spell
- Spell Sniper

ELDRICH BLAST

Evocation cantrip

Casting Time: 1 action

Range: 120 feet

Components: V, S

Duration: Instantaneous

A beam of crackling energy streaks toward a creature within range. Make a ranged spell attack against the target. On a hit, the target takes 1d10 force damage.

The spell creates more than one beam when you reach higher levels: two beams at 5th level, three beams at 11th level, and four beams at 17th level. You can direct the beams at the same target or different ones, make a separate attack roll for each beam.

Abilities:

- Quickened Spell
- Spell Sniper

LIGHT

Evocation Cantrip

Casting Time: 1 action

Range: Touch

Components: V, M (a firefly or phosphorescent moss)

Duration: 1 hour

You touch one object that is no larger than 10 feet in any dimension. Until the spell ends, the object sheds bright light in a 20-foot radius and dim light for an additional 20 feet. The light can be coloured as you like. Completely covering the object with something opaque blocks the light. The spell ends when you cast it again or dismiss it as an action.

If you target an object held or worn by a hostile creature, that creature must succeed on a Dexterity saving throw to avoid the spell.

Abilities:

- Heightened Spell

MAGE HAND

Conjuration Cantrip

Casting Time: 1 action

Range: 30 feet

Components: V, S

Duration: 1 minute

A spectral, floating hand appears at a point you choose within range. The hand lasts for the duration or until you dismiss it as an action. The hand vanishes if it is ever more than 30 feet away from you or if you cast this spell again.

You can use your action to control the hand. You can use the hand to manipulate an object, open an unlocked door or container, stow or retrieve an item from an open container, or pour the contents out of a vial. You can move the hand up to 30 feet each time you use it.

The hand can't attack, activate magical items, or carry more than 10 pounds.

Abilities.

- Quickened Spell

MENDING

Transmutation Cantrip

Casting Time: 1 minute

Range: Touch

Components: V, S, M (Two lodestones)

Duration: Instantaneous

This spell repairs a single break or tear in an object you touch, such as broken chain link, two halves of a broken key, a torn cloak, or a leaking wineskin.

As long as the break or tear is no larger than 1 foot in any dimension, you mend it, leaving no trace of the former damage.

This spell can physically repair a magic item or construct, but the spell can't restore magic to such an object.

MESSAGE

Transmutation Cantrip

Casting Time: 1 minute

Range: 120 feet

Components: V, S, M (a short piece of copper wire)

Duration: 1 round

You point your finger towards a creature within range and whisper a message. The target (and only the target) hears your message and can reply in a whisper that only you can hear.

You can hear this spell through solid objects if you are familiar with the target and know it is beyond the barrier. Magical silence, 1 foot of stone, 1 inch of common metal, a thin slice of lead or 3 feet of wood blocks the spell. The spell doesn't have to follow a straight line and can travel around corners or through openings.

Abilities.

- Twined Spell
- Quickened Spell

RAY OF FROST

Evocation Cantrip

Casting Time: 1 action

Range: 60 feet

Components: V, S

Duration: Instantaneous

A frigid beam of blue-white light streaks toward a creature within range. Make a ranged spell attack against the target. On a hit, it takes 1d8 cold damage, and its speed is reduced by 10 feet until the start of your next turn.

At Higher Levels. The spell's damage increases by 1d8 when you reach 5th level (2d8), 11th level (3d8), and 17th level (4d8).

Abilities.

- Quickened Spell
- Spell Sniper
- Elemental Affinity

LEVEL 1

FALSE LIFE

1st-level necromancy

Casting Time: 1 action

Range: Self

Components: V, S, M (A small amount of alcohol or distilled spirits)

Duration: 1 hour

Bolstering yourself with a necromantic facsimile of life, you gain 1d4 + 4 temporary hit points for the duration.

At Higher Levels. When you cast this spell using a spell slot of 2nd level or higher, you gain 5 additional temporary hit points for each slot level above 1st.

Abilities.

- Quickened Spell

MAGIC MISSILE

1st-level evocation

Casting Time: 1 action

Range: 120 ft

Components: V, S

Duration: Instantaneous

You create three glowing darts of magical force. Each dart hits a creature of your choice that you can see within range. A dart deals 1d4 + 1 force damage to its target. The darts all strike simultaneously and you can direct them to hit one creature or several.

At Higher Levels. When you cast this spell using a spell slot of 2nd level or higher, the spell creates one more dart for each slot level above 1st.

Abilities.

- Quickened Spell
- Spell Sniper

LEVEL 2

DETECT THOUGHTS (CIRCLET OF TELEPATHY)

2nd-level divination

Casting Time: 1 action

Range: Self

Components: V, S, M (A copper piece)

Duration: Concentration, up to 1 minute

For the duration, you can read the thoughts of certain creatures. When you cast the spell and as your action on each turn until the spell ends, you can focus your mind on any one creature that you can see within 30 feet of you. If the creature you choose has an Intelligence of 3 or lower or doesn't speak any language, the creature is unaffected.

You initially learn the surface thoughts of the creature what is most on its mind in that moment. As an action, you can either shift your attention to another creature's thoughts or attempt to probe deeper into the same creature's mind. If you probe deeper, the target must make a Wisdom saving throw. If it fails, you gain insight into its reasoning (if any), its emotional state, and something that looms

large in its mind (such as something it worries over, loves, or hates). If it succeeds, the spell ends. Either way, the target knows that you are probing into its mind, and unless you shift your attention to another creature's thoughts, the creature can use its action on its turn to make an Intelligence check contested by your Intelligence check; if it succeeds, the spell ends.

Questions verbally directed at the target creature naturally shape the course of its thoughts, so this spell is particularly effective as part of an interrogation.

You can also use this spell to detect the presence of thinking creatures you can't see. When you cast the spell or as your action during the duration, you can search for thoughts within 30 feet of you. The spell can penetrate barriers, but 2 feet of rock, 2 inches of any metal other than lead, or a thin sheet of lead blocks you. You can't detect a creature with an Intelligence of 3 or lower or one that doesn't speak any language.

Once you detect the presence of a creature in this way, you can read its thoughts for the rest of the duration as described above, even if you can't see it, but it must still be within range.

MISTY STEP

2nd-level conjuration

Casting Time: 1 bonus action

Range: Self

Components: V

Duration: Instantaneous

Briefly surrounded by silvery mist, you teleport up to 30 feet into an unoccupied space that you can see.

SCORCHING RAY

2nd-level evocation

Casting Time: 1 action

Range: 120 feet

Components: V, S

Duration: Instantaneous

You create three rays of fire and hurl them at targets within range. You can hurl them at one target or several. Make a ranged spell attack for each ray. On a hit, the target takes 2d6 fire damage.

At Higher Levels. When you cast this spell using a spell slot of 3rd level or higher, you create one additional ray for each slot level above 2nd.

Abilities.

- Quickened Spell
- Spell Sniper

SUGGESTION (CIRCLET OF TELEPATHY)

2nd-level evocation

Casting Time: 1 action

Range: 30 feet

Components: V, M (A snake's tongue and either a bit of honeycomb or a drop of sweet oil)

Duration: Concentration, up to 8 hours

You suggest a course of activity (limited to a sentence or two) and magically influence a creature you can see within range that can hear and understand you. Creatures that can't be charmed are immune to this effect. The suggestion must be worded in such a manner as to make the course of action sound reasonable. Asking the creature to stab itself, throw itself onto a spear, immolate itself, or do some other obviously harmful act ends the spell.

The target must make a Wisdom saving throw. On a failed save, it pursues the course of action you described to the best of its ability. The suggested course of action can continue for the entire duration. If the suggested activity can be completed in a shorter time, the spell ends when the subject finishes what it was asked to do.

You can also specify conditions that will trigger a special activity during the duration. For example, you might suggest that a knight give her warhorse to the first beggar she meets. If the condition isn't met before the spell expires, the activity isn't performed.

If you or any of your companions damage the target, the spell ends.

WEB

2nd-level conjuration

Casting Time: 1 action

Range: 60 feet

Components: V, S, M (A bit of spiderweb)

Duration: Instantaneous

You conjure a mass of thick, sticky webbing at a point of your choice within range. The webs fill a 20-foot cube from that point for the duration. The webs are difficult terrain and lightly obscure their area.

If the webs aren't anchored between two solid masses (such as walls or trees) or layered across a floor, wall, or ceiling, the conjured web collapses on itself, and the spell ends at the start of your next turn. Webs layered over a flat surface have a depth of 5 feet.

Each creature that starts its turn in the webs or that enters them during its turn must make a Dexterity saving throw. On a failed save, the creature is restrained as long as it remains in the webs or until it breaks free.

A creature restrained by the webs can use its action to make a Strength check against your spell save DC. If it succeeds, it is no longer restrained.

The webs are flammable. Any 5-foot cube of webs exposed to fire burns away in 1 round, dealing 2d4 fire damage to any creature that starts its turn in the fire.

LEVEL 3

LIGHTNING BOLT

3rd-level evocation

Casting Time: 1 action

Range: Self (100-foot line)

Components: V, S, M (A bit of fur and a rod of amber, crystal, or glass)

Duration: Instantaneous

A stroke of lightning forming a line of 100 feet long and 5 feet wide blasts out from you in a direction you choose. Each creature in the line must make a Dexterity saving throw. A creature takes 8d6 lightning damage on a failed save, or half as much damage on a successful one.

The lightning ignites flammable objects in the area that aren't being worn or carried.

At Higher Levels. When you cast this spell using a spell slot of 4th level or higher, the damage increases by 1d6 for each slot level above 3rd.

Abilities.

- Heightened Spell
- Quickened Spell
- Spell Sniper

LEVEL 4

DOMINATE BEAST

4th-level enchantment

Casting Time: 1 action

Range: 60 feet

Components: V, S

Duration: Concentration, up to 1 minute

You attempt to beguile a beast that you can see within range. It must succeed on a Wisdom saving throw or be charmed by you for the duration. If you or creatures that are friendly to you are fighting it, it has advantage on the saving throw.

While the beast is charmed, you have a telepathic link with it as long as the two of you are on the same plane of existence. You can use this telepathic link to issue commands to the creature while you are conscious (no action required), which it does its best to obey. You can specify a simple and general course of action, such as "Attack that creature," "Run over there," or "Fetch that object." If the creature completes the order and doesn't receive further direction from you, it defends and preserves itself to the best of its ability.

You can use your action to take total and precise control of the target. Until the end of your next turn, the creature takes only the actions you choose, and doesn't do anything that you don't allow it to do. During this time, you can also cause the creature to use a reaction, but this requires you to use your own reaction as well.

Each time the target takes damage, it makes a new Wisdom saving throw against the spell. If

the saving throw succeeds, the spell ends.

At Higher Levels. When you cast this spell with a 5th-level spell slot, the duration is concentration, up to 10 minutes. When you use a 6th-level spell slot, the duration is concentration, up to 1 hour. When you use a spell slot of 7th level or higher, the duration is concentration, up to 8 hours

Abilities.

- Heightened Spell
- Twinned Spell

GREATER INVISIBILITY

4th-level illusion

Casting Time: 1 action

Range: Touch

Components: V, S, M (A pinch of dust and a few drops of water)

Duration: Concentration, up to 1 minute

You or a creature you touch becomes invisible until the spell ends. Anything the target is wearing or carrying is invisible as long as it is on the target's person.

Abilities.

- Twinned Spell
- Quickened Spell

ICE STORM

4th-level evocation

Casting Time: 1 action

Range: 300 feet

Components: V, S, M (A pinch of dust and a few drops of water)

Duration: Instantaneous

A hail of rock-hard ice pounds to the ground in a 20-foot-radius, 40-foot-high cylinder centered on a point within range. Each creature in the cylinder must make a Dexterity saving throw. A creature takes 2d8 bludgeoning damage and 4d6 cold damage on a failed save, or half as much damage on a successful one.

Hailstones turn the storm's area of effect into difficult terrain until the end of your next turn.

At Higher Levels. When you cast this spell using a spell slot of 5th level or higher, the bludgeoning damage increases by 1d8 for each slot level above 4th.

Abilities.

- Heightened Spell
- Quickened Spell
- Elemental Affinity

LEVEL 5

CONE OF COLD

5th-level evocation

Casting Time: 1 action

Range: Self (60-foot cone)

TELEKINESIS

5th-level transmutation

Casting Time: 1 action

Range: 60 feet

Components: V, S

Duration: Concentration, up to 10 minutes

You gain the ability to move or manipulate creatures or objects by thought. When you cast the spell, and as your action each round for the duration, you can exert your will on one creature or object that you can see within range, causing the appropriate effect below. You can effect the same target round after round, or choose a new one at any time. If you switch targets, the prior target is no longer affected by the spell.

Creature. You can try to move a Huge or smaller creature. Make an ability check with your spellcasting ability contested by the creature's Strength check. If you win the contest, you move the creature up to 30 feet in any direction, including upward, but not beyond the range of this spell. Until the end of your next turn, the creature is restrained by your telekinetic grip. A creature lifted upward is suspended in mid-air.

On subsequent rounds, you can use your action to attempt to maintain your telekinetic grip on the creature by repeating the contest.

Object. You can try to move an object that weighs up to 1,000 pounds. If the object isn't being worked or carried, you automatically move it up to 30 feet in any direction, but not beyond the range of this spell.

If the object is worn or carried by a creature, you must make an ability check with your spellcasting ability, contested by that creature's Strength check. If you succeed, you pull the object away from that creature and can move it up to 30 feet in any direction but not beyond the range of this spell.

You can exert fine control on objects with your telekinetic grip, such as manipulating a simple tool, opening a door or container,

stowing or retrieving an item from an open container, or pouring the contents from a vial.

LEVEL 7

TELEPORT

7th-level conjuration

Casting Time: 1 action

Range: 10 feet

Components: V

Duration: Instantaneous

This spell instantly transports you and up to eight willing creatures of your choice that you can see within range, or a single object that you can see within range, to a destination you select. If you target an object, it must be able to fit entirely inside a 10-foot cube, and it can't be held or carried by an unwilling creature.

The destination you choose must be known to you, and it must be on the same plane of existence as you. Your familiarity with the destination determines whether you arrive there successfully. The GM rolls d100 and consults the table.

Familiarity	Mishap	Similar Area	Off Target	On Target
Permanent circle	-	-	-	01 - 100
Associated object	-	-	-	01 - 100
Very familiar	01 - 05	06 - 13	14 - 24	25 - 100
Seen casually	01 - 33	34 - 43	44 - 53	54 - 100
Viewed once	01 - 43	44 - 53	54 - 73	74 - 100
Description	01 - 43	44 - 53	54 - 73	74 - 100
False destination	01 - 50	51 - 100	-	-

Familiarity. Permanent circle means a permanent teleportation circle whose sigil sequence you know. Associated object means that you possess an object taken from the desired destination within the last six months, such as a book from a wizards library, bed linen from a royal suite, or a chunk of marble from a lichs secret tomb.

Very familiar is a place you have been very often, a place you have carefully studied, or a place you can see when you cast the spell. Seen casually is someplace you have seen more than once but with which you arent very familiar. Viewed once is a place you have seen once, possibly using magic. Description is a place whose location and appearance you know through someone elses description, perhaps from a map.

"False destination is a place that doesnt exist. Perhaps you tried to scry an enemys sanctum but instead viewed an illusion, or you are

attempting to teleport to a familiar location that no longer exists.

On Target. You and your group (or the target object) appear where you want to.

Off Target. You and your group (or the target object) appear a random distance away from the destination in a random direction. Distance off target is 1d10 ÷ 1d10 percent of the distance that was to be traveled. For example, if you tried to travel 120 miles, landed off target, and rolled a 5 and 3 on the two d10s, then you would be off target by 15 percent, or 18 miles. The GM determines the direction off target randomly by rolling a d8 and designating 1 as north, 2 as northeast, 3 as east, and so on around the points of the compass. If you were teleporting to a coastal city and wound up 18 miles out at sea, you could be in trouble.

Similar Area. You and your group (or the target object) wind up in a different area thats visually or thematically similar to the target area. If you are heading for your home laboratory, for example, you might wind up in another wizards laboratory or in an alchemical supply shop that has many of the same tools and implements as your laboratory. Generally, you appear in the closest similar place, but since the spell has no range limit, you could conceivably wind up anywhere on the plane.

Mishap. The spells unpredictable magic results in a difficult journey. Each teleporting creature (or the target object) takes 3d10 force damage, and the GM rerolls on the table to see where you wind up (multiple mishaps can occur, dealing damage each time).

Abilities.

- Quicken Spell

LEVEL 7

CROWN OF ICE

7th-level evocation

Casting Time: 1 action

Range: Self

Components: V, S

Duration: 1 hour

Seven icy shards appear and orbit your head until the spell ends. You can use a bonus action to send one of these motes streaking toward one creature or object within 120 feet of you. When you do so, make a ranged spell attack. On a hit, the target takes 4d12 ice damage. Whether you hit or miss, the icicle is expended. The spell ends early if you expend the last icicle.

If you have four or more motes remaining, they shed icy blue light in a 30-foot radius and dim light for an additional 30 feet. If you have one to three motes remaining, they shed dim light in a 30-foot radius.

At Higher Levels. When you cast this spell using a spell slot of 8th level or higher, the

number of icicles created increases by 2 for each spell slot above 7th.
